On the home page, click the "GO TO THE ONLINE SURVEY" button to navigate to a Google map and start the survey. Before providing your comments on the map, you are suggested to check the left-side "Menu" panel to review **About Linking Kentucky** and **Users Guide**.

You can double click on the map to drop a marker at the desired location. Note that you are not able to drop a marker until it falls within a 0.5-mile buffer of the corridors. You can drag the marker to adjust the location of interest and then click on the marker to add your comments in the pop-up window. A confirmation message will pop up upon your completion of comments and clicking the "Submit" button. **You will not see your comments on the map until they are approved and posted by the Linking Kentucky Project Team.** The Linking Kentucky Project Team will review and approve comments on a daily basis.

You can click any existing comments to add responses, thumb up, or thumb down.
